WATER IS VERY LOW.

Fear of Water Famine at White River
Junction.

White River Junction, Feb. 9.—Ow-
ing to the continuous cold weather,
springs and brooks in different parts of
this town are frozen up, and farmers
are having difficulty in obtaining water
for their stock.

In this village half a dozen families
have to obtain water from their more
fortunate neighbors, the supply from
the old systems being frozen. On Taft's
flat, between the Junction and Wilder,
several families are dependent upon one
small spring for their daily supply. If
the cold weather continues much longer
a water famine will arise in that part
of the town.

THAWED BY ELECTRICITY.

Water Pipes Cleared in a Remarkable
Manner at Wolcott.

Morrisville, Feb. 9.—A few days since,
C. A. Slayton, superintendent of the
Morrisville electric light system, per-
formed an interesting feat in using elec-
tricity in thawing frozen water pipes.
The pipes, which carry water to the
Wolcott railway station, are situated
eleven miles from the power station and
nine miles from the Morrisville station,
and were thawed by electricity, the work
being accomplished by attaching the
electric light wires here to the telegraph
wires, thus making a circuit, the con-
nections being shut off by an order from
St. Johnsbury during the work. It took
about an hour to accomplish the feat.

VALUABLE WORK TEAM KILLED.

Freight Train Strikes Horses at Brat-
tleboro—Details of Accident.

Brattleboro, Feb. 9.—A pair of heavy
work horses, owned by E. B. Barrows,
a coal dealer, and valued at over \$400,
was run into by a Central Vermont
freight train Tuesday night and man-
gled so the animals had to be killed. All
four legs of one horse were broken, the
bones protruding through the flesh, while
the hips of the other were crushed. The
team stood on the track while a load of
coal was being weighed as had been done
for years, and it is said, no warning of
the approaching train was given. The
horses were dragged about one hundred
feet and the sled was completely demol-
ished. The driver was prostrated by
the accident.

HE SAW A CATAMOUNT?

Stowe Man Claims to Have Seen a Big
One.

Stowe, Feb. 9.—A man named Wil-
cox, employed by Henry Raymond, while
logging on Hog Back mountain last Sat-
urday, claims to have seen a catamount
which he estimates would measure fully
eight feet from tip to tip. The ani-
mal was walking leisurely in a ravine
below the wood road and stopped twice
to look back at Mr. Wilcox, who, being
unarmed, was not anxious to cultivate
any closer acquaintance.

ST. ALBANS ESTIMATES.

Figured That Receipts for the Year
Will Be \$85,755.

St. Albans, Feb. 9.—The estimated
receipts for the city of St. Albans for
the present year are as follows:
Taxes \$85,000.00
Water rents 15,000.00
Huntington fund 230.00
School tuitions 1,100.00
Grammar school land rents 150.00
State school tax 1,000.00
Rents 600.00
Dog licenses 200.00
Other licenses 2,300.00
State highway tax 175.00
\$85,755.00

Thawing by Electricity in Rutland.
Rutland, Feb. 9.—Owing to the large
number of frozen water pipes, which
have cut off the water supply from a
number of residences, the water depart-
ment of the city is employing the use
of electricity to thaw out the frozen
pipes. Joseph M. Davis, who has been
connected with the water department
of this city for many years, states that
during the twenty-five years that he
has been employed by the city there
had not been so many complaints of
frozen pipes as during the last two
winters.

IBSEN'S MASTERPIECE.

From the Atlantic to the Pacific;
from Maine to Texas, the critical thea-
tre goer has felt the mediocrity of the
modern moral play. That the majority
of so called problem plays are weak,
lacking in their entertaining qualities,
is evidenced by their short lives.
"Ghosts," the stirring masterpiece of
the Norwegian dramatist genius, is not
only powerful to the extent of having
actually caused strong men to cry out,
but only holds the audience in such
spellbound attention that after the fall
of the final curtain scarcely a person
moves until the ushers throw open the
exit doors. From the first production
of "Ghosts" this season the immense
audiences have demonstrated its popu-
larity. Yet it is not the play alone
which has won success. Claus Bogel
and Adelaide Fitz Allen and their gifted
company portray the subtle force of
Ibsen's domestic tragedy with such ex-
cellence that as characterized by an
eminent New York critic: "One for-
gets one is in a theatre and that the
people who move before him are ac-
tors."

This wonderful play will be at the
Barre Opera House Saturday, February
11th.

SEARCHING FOR IT?

Some Barre Citizens Can Tell You Where
It's Found

If you have any itchiness of the skin,
Irritating Eczema, itching Piles.
You're looking for relief.
Searching for a cure.

Barre people have found a cure for it-
ching skin diseases.

They tell about it. Read what this
citizen says.

F. S. Sandler (farmer) of West Top-
ham, says: "I was subject to itching
hemorrhoids, commonly called piles, for
a number of years despite the use of in-
numerable salves and ointments brought
to my notice by friends and acquaint-
ances and through the Barre newspapers
and other sources of information. The
malady, disease or complaint, term it
what you will, was often bad enough in
the winter, but in hot weather the it-
ching and annoyance was unendurable. I
heard of Doan's Ointment and got a box
at E. A. Drown's drug store in Barre.
When it effectually stopped such an old
and chronic case as mine, which had re-
sisted every effort on my part to check
it, let alone cure, I have often wondered
what this remedy would do in the ineluct-
able stages of that far too common an-
noyance, piles."
